

# INFOGRAPHIC ASSIGNMENT

An infographic is a visual and graphic presenting information, data, and patterns clearly and concisely to a specific audience. Examples of infographics can be viewed here:

<http://tinyurl.com/infographicexamples>.

Use this document to help you take notes and map out your infographic before you create it. [Canva](#) and [Piktochart](#) are tools with some free features that may be helpful in creating your infographic after you map it out, but you can use any tools that you would like.

**INFOGRAPHIC** – Research general information, data, and patterns about **your assigned topic** and create an infographic presenting relevant information and what you learned to educate others. At minimum, your infographic should include the following:

- A main title for the infographic
- 5 sections of information with headings
  - 1 section should be a “tips” section geared towards students
  - 1 section should be a list of references at minimum of 3 sources you used during your research
- 1 graph/chart
- 4 graphics/images
- 10 total facts on the infographic

You should save the assignment as a .PDF, .JPEG, or .PNG file and submit to both The College of New Jersey’s Student Conduct email ([conduct@tcnj.edu](mailto:conduct@tcnj.edu)) as well as the hearing Hearing Administrator by the assigned date outlined in your decision letter.
